EDUCATION
DESIGNED
FOR YOU

WHY UNIVERSITY OF PHOENIX?

There's no sugarcoating it. You'll have sleepless nights, missed social engagements and a ridiculous number of empty coffee cups. We didn't make college easier. We made it more accessible for you. In fact, we helped develop innovations like online learning, flexible schedules, digital libraries and computer simulations.

Find flexible program schedules.

Discover a variety of ways to earn your degree or continue your professional development. From nursing and business to cyber security and education, find the program that fits your goals and your schedule.

Learn from professionals.

Get an education that combines our faculty's professional experience with proven academic theory. This approach allows you to develop skills and knowledge that meet the demands of today's job market.

Get skills that really matter.

Take advantage of career-focused coursework designed with help from major employers, industry leaders and professionals. Courses are regularly reviewed and updated to ensure that you can get the real-world skills employers want.

Keep current with certificate programs and more.

Update your skills to keep your career moving forward with industry-aligned certificates and professional development courses. You can even complete certificate programs en route to a degree.

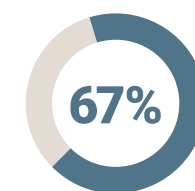

Get credit for what you already know.

Transfer or test for college credit that can save you time and money.

STUDENT RESOURCES

Following your dreams can sometimes feel like a lonely endeavor, but it doesn't have to. Whether you're studying on campus or online, we're right there with you. You have a team of Enrollment Representatives, Finance Advisors and Academic Advisors who are ready to support you all the way to graduation.

Visit a campus.

Resources vary at local centers across the nation, but often you'll find career services, access to computers, printers and Wi-Fi. You can also get in-person assistance including tutoring, community events and workshops.

Plug into 24/7 online resources.

Tools like the University of Phoenix Library, the Center for Writing Excellence, the Center for Mathematics Excellence and our technical support team are all just a click away. Plus the PhoenixConnect® social network plugs you into our global community of learners.

Get advice from a mentor.

Build important connections with our Alumni Mentor program. Ask your mentor a few questions when you first enroll, or receive coaching for the duration of your degree program. How you use this service is up to you.

Find your calling.

From day one, you'll have access to Phoenix Career Guidance System™ (PCGS), an exclusive suite of career tools that helps you establish relevant goals, develop job-seeker skills and connect with employers. PCGS also helps you discover in-demand careers and get resumé and interview assistance.

Make the transition from the military.

If you are a service member seeking to transition into civilian life and a career, we offer the Military Skills Translator Tool. This tool helps military students understand how the skills you gained while in the service fit into the civilian workplace.

Enjoy complimentary alumni programs and resources.

Even after you graduate, we're here to help you get the most out of your education. Whether you're starting your own business or looking for new opportunities, the Alumni Association provides networking assistance to help you grow personally and professionally:

- Alumni business directory
- Alumni chapters
- Alumni-exclusive scholarships
- Homecoming events
- Product discounts
- Service discounts

FIELDS OF STUDY

Because your goals are unique to you, we understand there's no one-size fits all approach to learning. That's why we offer a large variety of course offerings online and on campus so you can study what you're passionate about. From undergraduate and graduate degrees to individual courses and certificates, you'll find programs in a number of fields and disciplines.

Business

You mean business, so do we. Prepare for a career in the dynamic world of business. Find undergraduate and graduate degree programs covering a wide range of disciplines including — marketing, human resources, finance, entrepreneurship, project management and more.

Health Services Administration

Help steer the healthcare field. Whether you already work in healthcare or are looking to launch a new career, you can gain the knowledge and skills to compete in today's healthcare environment and tackle tomorrow's challenges. Our programs are developed from actual industry demands and offered across a range of levels and disciplines.

Nursing

It's more than a job, it's a calling. Take your knowledge, skills and credentials to the next level. Our CCNE-accredited BSN and MSN degree and professional development certificate programs are dedicated to helping licensed nurses earn the advanced skills and credentials you need with the schedule flexibility you deserve.

Information Systems and Technology

Plug into the power of technology. Bring more to the table with an IT degree and be a skilled professional in a growing industry. Acquire the skills to help you pursue a career in fields like big data, cyber security, and cloud computing.

Humanities and Sciences

Find your mission in life. From communication and marketing to environmental science and cultural studies, this area allows you to focus your studies on what's important to you. Challenge yourself, expand your knowledge, follow your passion and make a positive impact.

Social Sciences

The community needs champions. Gain the skills you need to make a difference in the lives of others and your community. Pursuing a social science degree can help prepare you to enter rewarding fields like marriage and family therapy, mental health counseling, correctional support and organizational psychology.

Education

Empower tomorrow's leaders. Cultivate a better world by helping people learn new things. We offer degree programs ranging from elementary and secondary education to administration and corporate training. You'll prepare for certification in your state with coursework aligned with national standards.

Criminal Justice

A safe community starts with you. If you're passionate about doing the right thing and protecting others comes naturally, a criminal justice degree may be right for you. Influence your community, protect people and property, and contribute to the greater good by studying toward a degree in criminal justice or public administration.

DID YOU KNOW ?

UOPX graduates have been employed at **100%** of the 2016 **FORTUNE 100** companies.

DID YOU KNOW ?

Our average class size is around **15** students.

DID YOU KNOW ?

University of Phoenix is ranked in the **TOP 25** among large institutions in salary after attending.

PAYING FOR COLLEGE

As soon as you begin the application process, you'll work closely with a Finance Advisor to determine the payment options, scholarships and financial aid packages that work for you.

Take us for a test drive.

Use the Risk-Free Period program to try out the University of Phoenix experience for three weeks of the first course you take for credit.

Apply for a scholarship or a grant.

We encourage you to find and apply for non-federally funded opportunities, including scholarships, grants and employer tuition assistance. Scholarships do not need to be repaid.

Explore financial aid or private student loans.

Applying for federal and state financial assistance or for private student loans can help make up the difference in your education finances. Understand your rights and responsibilities when considering private loan options.

Plan your future

ANYTHING BUT ORDINARY

Like you, our students are all looking for something exceptional in their lives. And to get it, they demand something remarkable out of their education. Some choose University of Phoenix because they can take the courses they want on a flexible schedule, online, on campus or both. Others choose us because of the personal support and assistance they get from fellow students, alumni, faculty and staff. Nearly a million students each have their own reason for choosing University of Phoenix. What will be yours?
